Coronavirus Travel Restrictions

(last updated: March 3, 2020)

Domestic Travel

There are currently no restrictions on domestic travel in the United States.

International Travel

- China
  - The State Department has issued a Level 4: Do Not Travel advisory for China.
  - CDC recommends that travelers avoid all nonessential travel to the People’s Republic of China (this does not include Hong Kong, Macau, or the island of Taiwan).
  - On arrival to the United States, travelers from China will undergo health screening. Travelers with signs and symptoms of illness (fever, cough, or difficulty breathing) will have an additional health assessment.
  - DHS Supplemental Instructions for Inbound Flights with Individuals Who Have Been In China - https://www.dhs.gov/news/2020/02/02/dhs-issues-supplemental-instructions-inbound-flights-individuals-who-have-been-china
    - Travelers who have been in China during the past 14 days, including US citizens or residents and others who are allowed to enter the United States, will be required to enter through specific airports and participate in monitoring by health officials until 14 days after they left China.
      - John F. Kennedy International Airport (JFK), New York
      - Chicago O’Hare International Airport (ORD), Illinois
      - San Francisco International Airport (SFO), California
      - Seattle-Tacoma International Airport (SEA), Washington
      - Daniel K. Inouye International Airport (HNL), Hawaii
      - Los Angeles International Airport, (LAX), California
      - Hartsfield-Jackson Atlanta International Airport (ATL), Georgia
      - Washington-Dulles International Airport (IAD), Virginia
      - Newark Liberty International Airport (EWR), New Jersey
      - Dallas/Fort Worth International Airport (DFW), Texas
      - Detroit Metropolitan Airport (DTW), Michigan
    - Some people may have their movement restricted or be asked to limit their contact with others until the 14-day period has ended.
• **Iran**
  o The State Department has issued a [Level 4: Do Not Travel](https://www.state.gov/) advisory for Iran.
  o CDC has issued a [Level 3, Avoid Nonessential Travel](https://www.cdc.gov/) and recommends that travelers avoid all nonessential travel to Iran.
    ▪ Restrict and suspends the entry into the United States, as immigrants or nonimmigrants, of all aliens who were physically present within Iran during the 14-day period preceding their entry or attempted entry into the United States
    ▪ Effective at 5:00 p.m. eastern standard time on March 2, 2020. This proclamation does not apply to persons aboard a flight scheduled to arrive in the United States that departed prior to 5:00 p.m. eastern standard time on March 2, 2020.
